May 20th 2014

As May is almost over we have had a reminder that “Yes, we can get snow in May!” Having an emergency kit is you car is always a good idea no matter what the season is. The Chili Cook Off was a great success and there were some outstanding entries. Next year the Chili Cook Off will be held in June I have had a few emails requesting that it be held later in the year so they can attend.

Burn Pit: Open

Pavilion: Open

Reservoir: Open

Park Site “C”: Open

If you have not noticed, I have removed the cardboard over flow fence. Someone is dropping their batteries and motor oil, along with other things, that do not belong there. I have also requested to have more cameras installed to cover that area to prevent this from happening.

Cardboard and plastic recycling trailers moved back to help as a wind break. We a great job at filling them up and I would emptied faster but we can only bring day a week on Thursdays. Please keep the compactor. Please do not put cardboard or plastic recycling!

Adopt a road: I have not had any response to keeping this program alive and I have requested the board to drop this program.
**Ranch Entrance** at Highway 24 and Ranch Road, It has been requested to have the entrance landscaped and a new lighted sign put up to enhance the appearance. If you are interested bidding on this project, stop by the office and get the current information, make any suggestions and we plan to have the board review the information and send a request for bids out for the final approved project, before the end of June.

I would like to thank all the volunteers who have helped with the Burn Pit and for the Chili Cook Off. You folks are great! As a reminder the Annual Picnic is just around the corner, August 9th 2014. We need some ideas for the main course and all the volunteers we can get.

John Adams

Ranch Manager
